

Capability Statement

Company Overview

Geyer Instructional has been a trusted partner for over 60 years in educational supplies, supporting Math, Science, STEM, and general classroom needs. The dedication to listening to teachers and addressing their needs fueled the company's growth, making us a reliable provider of educational resources. Our focus has been to empower educators nationwide while operating in Cincinnati, OH where we specialize in producing our own proprietary items plus distributing over 15,000 additional products.
